Lydia Lancaster, D3
• Winner of Ryan Turner Memorial Scholarship
• Selected by ASDA Board of Trustees
• Honored for leadership
• Vice president, OSU ASDA
• District 6 legislative liaison
The Value of Membership

“As a third-year dental student, membership in the ODA has already created so many opportunities for me. The ODA has helped to prepare me for life after dental school by providing both educational resources and networking events throughout the year. Membership has allowed me to have a larger impact on my future profession through advocacy efforts. The ODA has also allowed me to take on a larger role in organized dentistry through my service on the Council of Access to Care and Public Service and the House of Delegates.”

Morgan A. Kelley
The Ohio State University
College of Dentistry,
Class of 2016
Columbus, Ohio

The Value of Membership

“The most valuable part of my membership in the Ohio Dental Association is that it is an expression of my commitment to the profession of dentistry. I believe my membership is a demonstration of my dedication to the students I teach and their future, as well as to the patients we care for together. It is so important to give back to the professional organization that supports and advocates for us as dentists and dental specialists.”
