Interprofessional Education and Practice Event: January 20

Time: 5:00 – 8:00 p.m.
Location: Ohio Union
Keynote: The Power of Apology, by Doug Wojcieszak

Attendees:
D3s and DH4s
100 HS faculty facilitators
18 CoD faculty
More than 900 participants
Give Kids a Smile Event: February 7

* 200 + dental students, faculty and staff volunteers
* 145 children treated
* **Faculty advisor:** Erin Gross, DDS, PhD; Assistant Professor, Division of Pediatric Dentistry
* **GKAS Student Coordinator:** Devin Byard (D3)
* GKAS held twice annually: February and October

Dean’s Appreciation Reception

December 18

- Recognizes staff and faculty contributions to the college
- Live music, desserts, prize drawing
- Presentation of staff awards
Bucks for Charity Helps Communities in Need: CoD Joins the Effort!

- Ohio State’s annual charity drive
- CoD raised $20,568
- University raised more than $1M
- College coordinators: Dr. Shereen Azer and Ken Sigler
- University event chair: Dean Lloyd

Thanks to all who joined the effort!
Campus Campaign: March 1 – April 30

- Supports Ohio State’s programs, projects and endowments
- Since 1986, the university has raised more than $155M
- Make a gift and pick the fund that matters to you!
- College ambassadors: Dr. Dawne Stefanik and Mr. Ted Backus
President Drake Visits College: January 26

- Toured Postle Hall
- Met one-on-one with dean
- Remarks and Q & A for staff and faculty
- “I thank all of you in this college for the great work you do, and for helping Ohio State to fulfill its land grant mission.”
Active Faculty Searches

- Associate Dean for Research
- Associate Director, Advanced Prosthodontics Education Program
- Faculty, Division of Biosciences (2)
- Faculty, Dental Anesthesiologist (1)
- Faculty, Dental Public Health (1)
- Faculty, Oral and Maxillofacial Prosthodontist (1)
- Faculty, Operative Dentist (2)
- Faculty, Oral and Maxillofacial Radiologist (1)
- Faculty, Prosthodontist (2)
Faculty Candidate Presentations

• Open to college faculty, staff, and students

• All are encouraged to attend!
The Goals of Faculty Recruitment

- Recruit **world class** faculty into our ranks
- **Engage** students, staff and faculty in the processes of the college
- **Promote** the college through professional advertisements and announcements
- Bring **competitive** applicants to campus to “check us out”
- Create **goodwill** ambassadors for the college
- Help make the next search a little **easier**
- An **opportunity** to learn from candidates being interviewed for positions in the college

College Celebrates 125th Anniversary: Panel Discussion Kick-off

Thursday, January 15, 2015

“Then” & “Now”

Join us as the College of Dentistry community kicks off a year-long celebration of 125 years of excellence in education, research, and patient care. A panel of alumni will compare and contrast life at the College “then and now.”

11:30 a.m. – 12:30 p.m., Postle Hall, Room 1187

We invite you to bring your lunch. Birthday cake will be served.

Ohio State University Names CEO of Wexner Medical Center

Sheldon Retchin, MD

- Starts March 2, 2015
- Virginia Commonwealth University (VCU) Senior VP for Health Sciences
- CEO of VCU Health System
- Will serve as Executive Vice President of Health Sciences and Chief Executive Officer of the Wexner Medical Center

“VCU’s Sheldon Retchin tapped to sustain, build medical center’s national prominence”
Student Wins Board of Trustees’ Recognition Award

Brian Han, DDS-PhD Candidate
• Annual award presented by Board of Trustees
• Honors students for leadership, achievement, integrity, and academic excellence
Student Wins Award at AAOMS

Michael Border, D4

• Winner of Oral Abstract Competition
• American Association of Oral and Maxillofacial Surgeons (AAOMS)
• *Personalized Tumor Profiling: Role in Squamous Cell Carcinoma Management*
• Faculty mentor: Susan Mallery, DDS, PhD
Student Wins DentsPLY Research Award

Brian Han, DDS-PhD Candidate

- 3rd-Place Prize
- ADA-DentsPLY Student Clinician Research Award Program
- *Fenretinide Perturbs Focal Adhesion Kinase’s ECM Interactive and Cell Signaling Capacities*
- Faculty mentor: Susan Mallery, DDS, PhD
Student Services Specialist Joins College

Ms. Michelle Meek, BS

- Ohio State University alumna
- Previously, OSU Orientation and First-Year Experience program
- Supports CoD Office of Student Affairs
Inaugural Employee of the Month
OSU Student Financial Aid

Ms. Jami Jackson
Student Financial Aid Advisor

• “Goes above and beyond for students”
• “Works to improve processes”
• “Always willing to share her knowledge”
• Received certificate and trophy
College Wins “Most Innovative” Health and Wellness Award

Ms. Heather Spisak, Administrative Associate

• Buckeye Health and Wellness Coordinator
• Plans monthly activities for college community
• “Most Innovative Buckeye Wellness” Group Award
2014 Outstanding Staff Award Winner

Ms. Gerianne Hartley, Information Associate

• Actions that inspire others to achieve excellence
• “Always willing to help”
• “Finds answers to questions”
• “Great customer service”
2014 Dawson Award for Excellence Winner

Cathleen Vawter, Dental Assistant

- Outstanding contributions that facilitate the mission of the college
- “Going above and beyond”
- “Invaluable”
- A “truly exceptional” team member
EFDA CE Graduates: 100% Pass Rate

• Expanded Functions for the Dental Auxiliary (EFDA)
• First-ever 100% pass rate
• January-July course span
• Includes pre-clinical and clinical curricula
• Culminates with EFDA Board Review
Retirement Celebration

Ms. Patricia Shepherd, Admin. Associate

- Provided support for Clinic Administration operations and organization
Retirement Celebration

Fourth-year dentistry student Les Horvath becomes Ohio State's first Heisman Trophy winner as the undefeated Buckeyes are named the Civilian National Champions for finishing No. 2 in the polls behind Army. Horvath leads Ohio State on the game-winning touchdown drive against Michigan, diving over defenders from the one-yard line with less than four minutes left.
Technology has eased pain, duration of typical root canal

Dr. John Nusstein
Chair, Division of Endodontics

“One important advance that Nusstein helped pioneer is an intraosseous injection...”
Fighting cancer directly where it lives

The Ohio State University and the University of Michigan have formed a new company to develop and commercialize a drug targeted for the treatment of precancerous oral lesions — lesions that are currently managed by invasive surgery.

About 30 percent of the higher grade precancerous oral lesions progress to a type of oral cancer that is particularly devastating to patients because it is often treated by removing parts of the mouth and facial structure itself.

Susan Mallery, professor in the division of oral pathology and radiology at the Ohio State College of Dentistry and member of the OSUCCC – James Molecular Carcinogenesis/Chemoprevention Research Program, worked alongside Steve Schwendeman from the University of Michigan and others to invent this breakthrough technology.

The drugs developed address a significant unmet need related to the prevention of oral cancer. Precancerous oral lesions can be seen and touched by patients, so this easy access to the lesion allows the use of local delivery formulations in an oral patch to directly treat the disease without causing adverse side effects.

“The oral patch sidesteps any toxicity issues, which have historically been a problem with conventional treatments,” said Mallery. “This technology delivers an excellent chemopreventive compound directly to the precancerous tissues.”

College of Dentistry brings dental care to Columbus school children through new mobile coach

Submitted by OSU College of Dentistry

The Ohio State University College of Dentistry has launched a new, 45-foot mobile dental Health Outreach Mobile Experience (H.O.M.E.) Coach. Funded by the Delta Dental Foundation, the mobile dental clinic brings dentists, dental students and dental treatment to children at Columbus City schools during regular classroom hours.

"Oral health is the number one unmet health care need for Ohio's children and at-risk populations," said Dr. Canise Bean, community outreach and education director at the College of Dentistry. "The H.O.M.E. Coach program, which was initiated in 2005, helps bridge this gap by providing oral health care and education to underserved children in Columbus and surrounding communities."

Patrick M. Lloyd, dean of the College of Dentistry, said "this Coach is a life changer. It changes the lives of children — some of whom will receive dental care for the first time in their lives aboard this coach. It also changes the lives of our students, who learn the importance of practicing in underserved communities as they provide treatment to these children under the supervision of our faculty."

During a ribbon-cutting ceremony, representatives from the Delta Dental Foundation presented a $334,000 grant to the college to fund the building of the new coach. The Foundation has been a longtime friend and supporter of the Dental H.O.M.E. Coach program since 2007.

"The Delta Dental Foundation is extremely proud to fund the H.O.M.E. Coach," said Teri Battagleri, director of the Delta Dental Foundation. "With children missing 51 million hours of school every year due to oral health related issues, the new dental coach will help ensure more underserved children in Columbus receive the dental care and oral health education they need to show up to school every day healthy, pain free and ready to learn."

The Coach features dual slide out rooms, an exterior monitor, and state-of-the-art equipment to include intra-oral cameras for teledentistry communication for advanced diagnosis and medical opinion, high speed wireless connectivity, upgraded digital x-ray, flat screen ceiling mounted monitors, and an interactive educational station so patients waiting for treatment will be entertained and informed simultaneously.

The dental practitioners aboard the Coach provide services to nearly 2,500 children in Franklin County each year. The Coach is staffed by faculty-supervised senior dental students and dental assistants.
Dean Presents at ADA Roundtable: January 24

How to decide where to practice

By Spencer Tepe, Ohio ‘17, District 6 secretary

How does one decide where to practice? Many dental students across the nation are contemplating this question. Upon entering their fourth and final year, these students face this complex decision. There are many things to consider when approaching this question. Theoretically, dental students can practice whenever they like. However, there are many factors that must be considered before deciding on a location.

Know your interests
If your interests lie with a specialty or GPR, the program often chooses the dental student as opposed to the other way around. If you’re not bound to further education, proceed to step two.

Know your loans
According to the American Dental Education Association, the average dental student will graduate with near-
