Dear Students, Staff, and Faculty:

We are committed to an excellent experience for our patients and visitors. Part of this experience is ease of parking. Our patients have recently been letting us know they cannot find parking in the 12th Avenue Garage.

Please keep in mind that staff and students should not use patient parking spaces so we can ensure that our patients have access to parking. For information on other parking options near Postle Hall, please go to: http://osu.campusparc.com/.

Thank you for your cooperation as we continue to address parking concerns.
